The Honorable John Barnes Jr.
The Ohio House of Representatives

Dear Mr. Barnes,

As PETA's director of Christian outreach and engagement, I'm writing on behalf of our more than 3 million members and supporters worldwide to thank you for introducing a statewide bill to restrict continuous dog tethering and for reminding your constituents that dogs are created by God and deserving of our love and care.

I pray for quick passage of your important bill so that next winter, rather than struggling against hypothermia while chained outside, Ohio's dogs will be warm and safe indoors with their human families. Thank you for your compassion and for all that you do for the residents of Ohio, human and animal alike. We've arranged for a special package of vegan chocolates in the shape of dog bones to be delivered to your office as our way of saying, "Two paws up!"

Sincerely yours,
